

SGS sustainable gardening services

SGS is a social enterprise which provides general and sustainable horticulture services.

Our mission comprises 2 main aims :

- to make sustainable gardening choices more accessible to the communities of Brisbane.
- to employ and train people from a Migrant / Refugee or Long term unemployed background through our services

Operations : We currently operate across Inner and Southern Brisbane

Staff: 7 staff, 2 Gardening crews and a Landscaping Team

Services :

- Garden Maintenance include a range of contracts such as garden maintenance and grass cutting for Body Corporates, Private Households, Child Care Centres and Supported Accommodation Services.
- Landscaping Services are presently expanding to include hard landscaping. 3 years of Soft Landscape experience.
- Sustainable Gardens Design including native, drought tolerant, natives and food gardens.

We maintain strong links with the community sector through our collaborative staff support model and their support in growing our business.

Current and Past clients include:

Brisbane City Council
LJ Hooker South Brisbane
Premier Body Corporate Services
Young Parents Program
QPASTT Yeronga
