*'The workshops were fantastic. I loved all the tools. I can't wait to get back into the office and set these up so that they enhance all our systems and processes.'*

Nikki Stevens, Caloundra Youth Focus

*'This workshop reinforced for me the importance of common language and the need for regular, coherent planning. I'm planning to use the performance assessment and planning tool I learnt immediately. It was so good to step away from the organisation and get head space to think and reflect.'*

Kim Vanden-Hengel, CNEC Partners International
